TURN ANY HARD FLAT SURFACE INTO AN INTERACTIVE ENVIRONMENT

Upgrade existing technology infrastructure into the latest in interactivity!

LARGE INTERACTIVE IMAGE AREA

Up to 102" (4:3 aspect ratio), Up to 96" (16:9 aspect ratio)

SIMPLE INSTALLATION WITH USB CONNECTIVITY

Power is supplied via USB making installation a breeze

TWO INTERACTIVE PENS INCLUDED

Keep one as a spare, or share between multiple users

LIGHT WEIGHT

At only 2.3kg, the ELP-IU01 can be installed on almost any type of wall

WINDOWS AND MAC COMPATIBLE

BONUS RM EASITEACH NEXT GENERATION SOFTWARE

Unleash your creativity and bring your interactive lessons to life with this world renowned teaching tool

Interactive Module

The Epson interactive module brings interactivity to any projector. This education and business tool connects directly to any computer via USB and integrates interactive capabilities with a projector, eliminating the need to purchase and install dedicated interactive whiteboards (IWB). It provides up to 96" diagonal (WXGA) and 102" diagonal (XGA) of useable interactive area that can be used on whiteboards and walls. The module comes with two interactive pens, wall mount hardware for easy installation, and annotation software to create, capture, and share presentations.
